Here are the 2018 Market Leaders in India's Solar Industry

In 2018, India was again the third largest solar market behind China and the United States with 8.3 GW of solar PV capacity installed in the year. Mercom's newly released India Solar Market Leader board 2019 report reveals the market leaders that emerged during a challenging year for the solar industry. The report covers market share and shipment rankings across the Indian solar supply chain in 2018.

Top Solar Project Developer of 2018 - ACME Solar
